I did not find any comments from the Ute Indian Tribe, although there were some documents that referenced the Southern Ute Indian Tribe. Did you find any?

hi Jody! Hope you are feeling better - I am much better! So we were on a call this morning with WEA, the western energy alliance, and they were mentioning that they saw the comments on the new EPA rules (NSPS OOOO, Tribal FIP, CTGs and source determination) from the UTE Tribe. I was curious and had not realized that they had commented. So can you go view all the comments somewhere? She mentioned looking through the 'docket'. Anyway, was just interested in seeing them! Hope you are well and will talk with you all next week!

Sheila
